I just want to start with a heartfelt thank you. PAH was extremely blessed this holiday season! Whether you volunteered your time, purchased gifts or made a donation, THANK YOU! With an increased number of enrollments, along with increasing our quality and quantity of gifts, your support was essential this year! PAH will keep growing with all of your hard work and support! We are bringing so much love and joy to children touched by cancer, and we could not do it without you! Thank you for helping us create the smiles above!

On to our next HUG packing... Valentines! We are looking for Valentines to send to our children. I remember watching Vanessa, not only the inspiration for Project Angel Hugs but also my sister, opening Valentines that were collected from schools and churches. It brought her so much joy to know that other people were thinking of her, especially when she couldn't be at school opening and exchanging Valentines with friends. The things we take for granted, children with cancer are wishing for. Please help us bring that joy to other children touched by cancer! Please see page two for more info on how to make Valentines!

Thank you again to all of our supporters and volunteers for your help bringing smiles to children with cancer.

*With gratitude,
 Jessica Jensema, Executive Director*
